

# *Woodcocks' Well CE PS*

## Parent Forum

### Aims:

- The aim of this forum is for **every parent** to have a voice and a way to share ideas/concerns
- For your views to be listened to, discussed and acted upon where appropriate
- For you to feel valued
- For us to work together to achieve more

### Protocol:

- This should be a positive experience
- Everyone should remain respectful at all times towards each other
- Discussions should be kept general and not specific to individual children/parents/teachers/non-teaching staff or Governors
- Other people's ideas should be valued
- Discussions should not become heated or emotional (If they do, time out will be given)

We need to remember these meetings are about moving the school forward and valuing parent involvement
