Risk Assessment Checklist

This risk assessment checklist has been revised to support schools in Cheshire East to update the key areas to consider in their coronavirus (COVID-19) risk assessment following the operational guidance issued in July 2021 to take effect in Step 4 of the Roadmap as described in the document [Operational guidance at Step 4](#)

This checklist follows the **4 control measures** set out in the above guidance and shows how these are linked to specific actions and measures which schools should adopt. There are 3 further areas listed in the control measures included for which schools should ensure they have robust planning in place. These are travel and quarantine, safeguarding arrangements and the development and sign off of the school's risk assessment.

The control measures specified in the guidance are:

1. Ensure good hygiene for everyone.
2. Maintain appropriate cleaning regimes.
3. Keep occupied spaces well ventilated.
4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19.

The checklist is set out in the following sections to address the 4 systems of control:
